1. NWA - la Arena Mexico 3-22-91 (Galavision)

1. Dandy Pirata Morgan Octagón d. MSJ Fuerza Guerrera Vampiro Canadiense 2-1 when Octagón made Fuerza submit to the usual leg behind the neck hold. These two plus Dandy were great. Pirata looks bad because he's so hurt. *** 1/2

2. Ringo Mendoza Block Magic Rayo de Jalisco jr. d. Satánico Pierroth jr. Kimela 2-1 when Kimela was DQed. Gran Davis had been bumped inadvertently as Rayo went over to check on Davis Kimela launched a big splash. Rayo moved & Kimela splashed Davis for the DQ. This set up the finish of the main event because even though Rayo moved out of the way, the DQ was called on the wrestler who actually hit the ref. ***

3. Atlantis pinned Emilio Charles junior with a "rana" in the third fall to retain his NWA World Middleweight title. The third fall was good but first two were slow. *** 1/4

4. Perro Aguayo defeated Konnan via DQ in the third fall. Konnan was arguing with Gran Davis, Perro drop-kicked Konnan from behind, bumping Davis (who juiced around the left eye to sell the bump); then Konnan reverse-suplexed Perro in from the ring apron (not the corner) - very impressive - and as Davis grappily stumbled into the ring, he raised Perro's hand while Konnan had him covered. After the match, Konnan's five-year-old nephew ran into the ring, challenged Perro to a fight, then went to Konnan's corner. (He was wearing an oversize Konnan mask.) Konnan took off his nephew's mask and the tearful nephew unmasked Konnan, revealing of course "Carlos Santiago Espada." Including pre- and post-match: **** Konnan's best effort yet.
